The Summer Dance Program is also an auditioning period for talented, young dancers interested in joining our intensive program in the fall. This auditioning process is open to both current and new Interplay students. It is recommended that intensive students who are currently enrolled attend the summer dance school in order to maintain their current level of training and to progress to the next level.

OTHER PROGRAMS OFFERED AT INTERPLAY

Intensive Dance Program

Interplay offers an intensive program during the regular school season for children ages 9 & up who are disciplined and focussed, have a love for dance, and would like to advance in their dance training. Students are accepted into this special program by audition and must enroll in a minimum of 4 classes, 2 days per week. Classes include Intensive Ballet, Jazz and Modern, plus extra rehearsals. These students are often selected to dance with *Interplay Dance Company* in special performances, such as this year's senior ballet production, *Swan Lake*.
